

Today is Safer Internet Day.

As parents it is very important that you are aware of the potential dangers that exist online. We would like to share with you some upcoming Webinars which are free to register for and join.

Supporting Children Online - February 7th @ 8pm

Webwise in partnership with the National Parents Council Primary are delighted to organise an Online Safety Webinar for parents of young children. The webinar will discuss the opportunities and risks for children online, offer practical advice to support parents and answer some frequently asked questions. **The Apple team will also provide a short explainer on Parental controls and some key safety features.**

This webinar will take place on Tuesday, February 7th at 8pm.
